

**June 5<sup>th</sup>, 2020 Covid-19 Update**

**Dear CCA Families,**

**We wanted to update our plan for the fall. Calvary Christian Academy has determined it is safe for our community of families to come back to school. We are looking forward to the 2020/2021 school year with in-person instruction and with our small class sizes we can ensure a clean and loving environment. We will continue to have recess and PE on a daily basis as we believe physical exercise is an important aspect to the education process. We have looked through and considered many of the CDC recommendations, as students washing hands, sanitizing desks and other public areas often. These are all normal procedures for us and our teachers.**

**The safety and well-being of each student is important to CCA and we are committed to providing the academics and spiritual aspects our families are accustomed to in a safe, loving, and encouraging environment. At this point we truly feel we can start the 2020/2021 school year normally. We will continue to ask you to keep your student home if they are sick and continue to sanitize classrooms, lunch room, and Gym on a daily basis to keep infection low. Please refer to Student Handbook for more information on how CCA handles sick students who become ill during the school day.**

**Please continue to pray for each other and the school as we navigate these new circumstances together for God's glory.**

**In His Service,  
Calvary Christian Academy**
